Selig Documentation with WordPress Integration

How to Integrate Selig with WordPress:

1. Create/open your WordPress account and take note of your username.
2. Open JS folder--> config.js file.
3. Change WordPress_username to your website username.

eg. <your_user_name>.wordpress.com

How to integrate Selig with Flickr:

1. Create/open your Flickr account and take note of your user key and API key.
2. Create a gallery of all the images that you want to view on your Flickr id to view your images on the application.

User key:

a. Log in to Flickr account at http://flickr.com
b. Click the You link to your Photostream
c. Copy the URL in the address bar of your browser
d. Go to http://idgettr.com
e. Paste into the Photostream Address and click Find
f. Copy the ID that appears below
g. Paste your Flickr Id in the Flickr Admin settings
h. Only if the account is a group and not a user, set the type to Group
i. Click Save

API Key:

Go to http://www.flickr.com/services/api/ and create your API.

1. Open JS folder --> config.js file 2. Change Flickr_user key and API key.

Selig Integration with Pushwoosh:

PhoneGap/Cordova: https://www.pushwoosh.com/programming-push-notification/ios/ios-additionalplatforms/push-notification-sdk-integration-for-phonegap/

Phonegap build: https://www.pushwoosh.com/programming-push-notification/ios/ios-additionalplatforms/phonegap-build/
